

# Planning for the Future

## Friendship - Justice - Learning

# Zeta Theta Chapter

Brothers,

As you all know the 55<sup>th</sup> is just over a month away. We are all very excited as the preparations are wrapping up. We want to ensure that everyone is aware of the event and given the opportunity to partake in the festivities. Unfortunately, our list has grown with more brothers were we do not have updated contact information. Please take a moment to review the list and see if there are any names that you recognize. Any contact info you might be able to pass along would be great. We are working hard to try to contact each brother so they have the opportunity to participate in this great event. Please send info to [channell2002@hotmail.com](mailto:channell2002@hotmail.com)

Below you can find a quick summary of the events that are planned for the week of the anniversary.

Tuesday September 18, 2018 – 5:30PM

Detroit Tigers vs Minnesota Twins – *Deadline for tickets August 17*

Friday September 21, 2018 – 7PM

Skips Night Out – Bring your Significant Other

Saturday September 22, 2018 – 8AM

Golf at Flushing Valley

Main Event

5PM Doors Open for/Cocktail Hour

7PM Dinner is served

Open House at 704 E. Main - All Week

Registration and More Info

<http://ztsigs.org/ztf/55th-anniversary/>

*Registration Price Increase \$125/\$75 – August 24*

*Registration Closes – September 7*

On behalf of myself and the rest of the Zeta Theta House Corporation we are extremely excited to see everyone at this event. The opportunity to reconnect with everyone at a time of celebration always makes great memories for the future. If you have not done so already, please register ASAP so we have accurate numbers and can prepare the final details accordingly.

In Hoc,

Chris Channell

Zeta Theta House Corporation President

## Consuls Corner

Worthy Brothers,

With the ending out our spring term I am proud and honored to be able to share the excellent status of the Zeta Theta B Chapter and its accomplishments over the past year. Most recently, the end of our second year in the P4B program. Which brought us a new group of 15 highly motivated and exceptional young men. This process was further refined in our second year and due to the relentless effort of the brotherhood resulted in a ritualistic certification for our initiation process. This is a first for our chapter, thoroughly impressing the ritual peer and showing the continuation of pride and hard work that we put into our "I" every year. With the new class becoming brothers they are already stepping up as each one of them has taken on a position within the house. At 39 brothers strong for this next coming term, I am eager to see their incredible work ethic shown in pledging transitioned into the house.

As we bring in new brothers we also recognize those graduating and moving on into the real world and their accomplishments over their time here. All of our brothers graduating this term are exceptionally hard workers and will prosper at their respective employers. To show for their work ethic both Brothers Andrew Prina and Jacob Bacheldor graduated Summa Cum Laude, while Brother Bacheldor was honored to receive a President's Medal, a prestigious award given at the President's discretion to the top 2% of the graduating class. Our chapter wishes all of them the best in their future endeavours and thanks them for the hard work they put into this brotherhood.

Campus and community involvement has always been a large focus for the chapter. This past term was no different. Over half of our brotherhood is involved on campus across 17 different organizations, while continuing to hold directors positions in Academic, Operations, and Finance councils for the 4th consecutive term. A lot of our success can be traced back to strong roots on campus, primarily in the three councils mentioned above, as well as Unit Buddies and Camp Compass. This coming fall we will have 3 Camp Compass and 5 Unit Buddy positions covered with many alternates also being able to attend. In the past this involvement has made recruitment ever more effective and exciting, even with new international policies which other chapters are finding to be difficult. Our community efforts over the past year have also grown to over 1,300 hours in multiple areas of the community. We have donated time to Adopt-A-Highway, Kettering's Habitat for Humanity, the Genesee County Animal Control, and many other

THE

# THREE POINT

SIGMA CHI  
ZETA THETA - B

organizations. It is a point that we emphasis within the Flushing community and on the Kettering campus, we are always looking for more opportunities to increase our positive impact. Feel free to contact myself if you have any new potential opportunities!

In addition to our staple of involvement, our philanthropy efforts have been a major focal point of our chapter in the past year. This last term featured a revamped Derby Days in an effort to improve our relations with not only sororities but other houses on campus. This resulted in over \$7000 being raised throughout the week, allowing us to reach a total of just under \$16,000 in total donations to cancer research. This is more than any year previous, but we aren't done yet. Our philanthropy team planned and executed a brand new golf outing and are in the process organizing a bowling event before even getting to our school term. This has set us up to have the best philanthropic year to date and I can't wait to see how they continue this momentum throughout the year.

Last but certainly not least, in early August our chapter was privileged to send 7 members to the annual Balfour Leadership Training Workshop. We were introduced to new techniques, ideas, and principles other chapters have had success with and were able to determine strategic goals and plans for execution in the coming year. As the weekend came to an end we were ecstatic to receive the chapters second consecutive Gold Peterson award! This is the chapters 8th Peterson Award in the last 9 years! In addition, I am humbled to be able to say that out of the 3 Gold Peterson awarded chapters, our score ranked 1st in the nation. This is an incredible honor and has put us in the international spotlight as a chapter for each and every Sigma Chi to emulate. I look forward to using this to not only motivate our chapter but to look outward into the province to provide support and advice to improve the Sigma Chi community as a whole.

All in all, I am overwhelmingly proud and excited of our accomplishments over the past year and look forward to growing throughout the year to strive to perfect our methods and increase our impact. I would like to thank the extensive and ever supportive network of alumni that we are extremely lucky to have. We could not have this success without your continued advice and support of the Zeta Theta B chapter. Feel free to stop by and exchange ideas, revisit the house, or meet new undergrads at any time in the coming year. I am anxious and ready to start the school year and look forward to hopefully meeting some of you at our chapters 55th anniversary in September! Guard well brothers.

In Hoc Signo Vincas,

Zack Moore ('20)

## Recruitment Update

The Zeta Theta B chapter of Sigma Chi is excited to begin another recruitment term. Our goal, as always, is to have another flawless bid to retention ratio. With the combined support from everyone, there is no doubt that we will continue to grow and thrive here at Kettering. As we are affected by new rules, a massive emphasis will be placed on house involvement and buy-in from the chapter in order to adapt and succeed. We, as a recruitment team, are planning to continue some traditional events and also roll into some new ones that will help us with new rule changes. We definitely lost some great recruiters over the last year, but we have full faith in PC'18, being the young guys, to step in and create lasting relationships with these new freshman while accommodating for our changing surroundings and have faith that the other brothers in the house will adapt to the new rules as well. This next term gives us the opportunity to show these freshman that we are the strongest fraternity on campus and it allows us to continue on last years success. With that, we are determined to not be overconfident in the last recruitment team's achievements and come into this term with a level head, ready to recruit men that meet our standards. Remember to hold yourself to those same standards, feel free to ask as many questions as you have, and all stay motivated to recruit the best 2019 pledge class as possible.

In Hoc,

Austin Waldrop ('21)  
Recruitment Chair

## Philanthropy Update

Over the past year, our chapter successfully raised a new record of \$15,900 for The Huntsman Cancer Institute. This success was partially due to a renovated style of Derby Days where all Kettering students participated in the week's events. This lead to a total of \$3,300 being raised throughout the week. Our monetary goal for the coming year is \$20,000. Our plan is to continue most of the existing events and focus on the advertisement and turnout at each event. We also plan to consolidate some of the smaller events to focus our efforts on fewer but bigger events such as Golf Outing in July. We are eager and excited to further develop the philanthropy positions while pushing the brotherhood to raise the bar higher and higher.

For any questions regarding our philanthropic efforts or how you can become more involved, please contact us at [philanthropy@ztsigs.org](mailto:philanthropy@ztsigs.org).

In Hoc,

Pete Moscone ('21)  
Philanthropy Chair

## **Project Manager Update**

After another successful project weekend, many things around the house are tidier and more functional than they were previously. To start, the "patio" area by the garage wasn't being utilized to its full potential. So, the blocks were repurposed to the garden area behind the house, to provide a walkway from the side of the house by the garage to the BMA deck. Also, in this area the rain gutters were not draining properly, so to fix this a drainage line was buried underground on the corners of the addition to allow the water to be directed from the gutters to a place which would cause less corrosion, like under the volleyball court. The cafeteria roof was power washed and the area around the garage was cleaned up. The chapter room table was sanded down and stained again to make its appearance much better and to reseal it. Shelves were added in the garage to help with storage as well as the storage room was cleaned out of the miscellaneous extra junk. A new light post and fixture for the volleyball court was put in after attempts were made to redo the light fixture and the old post broke. Also a new timer switch was installed in the kitchen for the exhaust fan to keep it from being left on for an extended period of time.

Many projects were completed this term but for the upcoming term, there are still plenty of projects to be done to improve the appearance and utility of house. This upcoming year will be great for Zeta Theta B and I am very excited for the upcoming projects.

In Hoc,

Andre Dusek ('22)  
Project Manager

## **Public Relations Update**

This 2018 Spring term allowed brothers to give back to the city of Flint through Habitat for Humanity and the Genesee County Animal Control Center. With such a great 2017-2018 year for community service, my goal is to reach a goal of 2,000 as a house for the next year. Unfortunately, with events being cancelled due to weather, we were unable to log more hours. However, the events that were held were very well represented by our chapter. With a tremendous turnout at the Memorial Day Flags event, our chapter received a certificate of Appreciation from the American Legion for our efforts. We should strive to have such a great turnout every year! This summer work term offers many opportunities in Oakland county to get involved in the community. I am striving to achieve a better spread of hours throughout the brotherhood and get as many different people to the community service events as possible. I am looking forward to our chapter doing great things this summer and throughout next fall term.

## **Scholarship Update**

We now have 15 new brothers that exemplify what not only what it means to be a student of fair ambition, but also students of great ambition. As for the methods by which we improve our academic success, they have all been made better. Study tables have been very successful and it has been a great way to increase academic priority among brothers, and we are hoping to implement one or two sessions at the house early in the recruitment term so as to spur interest in Sigma Chi in academically-inclined freshmen. The crib continues to be most impressive, and gets bigger and more organized week by week. In the upcoming academic year we hope to showcase the academic goals of Sigma Chi at Kettering, to the other fraternities, and to ourselves.

In Hoc,

Will Page ('21)  
Scholarship Chair

carry with them the passion and drive towards success that I hope all underclassmen strive to hold. Although we had only a small number graduate this term the amount of memories that they left at the house will truly live on forever. From all the past and present brothers of Sigma Chi, we congratulate them on their success and hope that they continue to succeed in the future. Always remember where your home is and don't ever forget to visit whenever you get the chance.
