

THREE POINT SUMMER 2018

Friendship – Justice – Learning

ZETA THETA A CHAPTER

The Summer 2018 school term proved to be another exception term for Zeta Theta over the Summer and early Fall.

A-section started out the term with 32 brothers, which included a large fraction slated for graduation. We took this into consideration when entering the recruitment term. We would need effort from all brothers to ensure the success and future of A-section.

We are proud to say that A-section had a great 2018 recruitment term led by our recruitment chair, Trevor Bennet. Recruitment events included the classics such as Runkleball with some new activities mixed in, like camping in the Back 40. The results of our efforts have been promising; 14 freshmen students have accepted their bids to Sigma Chi, for a pledge class of 16 this upcoming winter term. We cannot wait to see what the future of A-section will soon become.

Through the hard work of our Tribune, we hosted our annual Semi-Formal event in Windsor, Canada on August 18th. We had a great alumni turnout and a great freshman turnout as well. The brothers and guests enjoyed an evening of photos, dinner, and a great night. We honored our newest Sweetheart, Lezlie Koch. Lezlie is extremely excited to be A-section's newest Sweetheart and will help the Pledge Class of 2019 become future leaders of the house.

A-section is proud to say that our philanthropic efforts are improving year after year. We started our philanthropy this term by raising money for the Huntsman Cancer Foundation with our annual Derby Days. Within that one week alone, we were able to raise over \$10,000, which we consider to just be the beginning! Our Philanthropy Chairs and Derby Daddies helped lead us to this great start and we will only go up from here.

One event we continued from last year is the Make Me Pretty contest, where brothers raise money to shave their legs, wear makeup, and wear a dress. One especially lucky brother, Derek Gee, raised enough money to wear the entire ensemble to the rest of his classes.

As a house we were able to total 473 hours of community service, across volunteering opportunities all across Southeast Michigan, and the annual CRIM Race. The brothers are still pushing hard and continuing to represent Sigma Chi with more volunteering during the work term.

Through our big push in recruitment, the brothers grew closer throughout the term and enjoyed a variety of events, such as Mini-Stick Hockey, movie night Mondays, and game nights organized by our hard-working brotherhood chairs, Richard Green and Nick Drolshagen.

We were so happy with the turn out for our Parent's Weekend this term, an opportunity for brothers' friends and family to visit and better know the house. Our Top Six and numerous minor positions gave small presentations while brothers provided tours and fun activities, illustrating the best we have to offer.

And finally, we would like to send another special thank you to brother Ryan Witucki and his family for allowing us to spend our Brotherhood Weekend at his family's cabin on Lake Charlevoix near Boyne City. Brothers were able to enjoy a weekend away from classes and worries, and build memories along the lake, around the fire, and underneath the stars.

The Top Six went to BLTW during the 4th week of the school term and brought back valuable information to help continue our growing efforts in the chapter. At the closing of the Workshop our hard work over the last year was displayed as we received a Blue Peterson at the Balfour Leadership Training Workshop. During the Kettering Greek-Wide Semi-Formal, Sigma Chi received the Philanthropy Award and the Community Service Award. And our very own Brad Knudsen received the Golden Principle Award!

At the end of the school term, A-section was honored to host the 55th Anniversary event for both A and B section. Numerous alumni came back to the house for tours and shared great stories during their times in the house. One legendary story is the untold truth about the tree house from 1972. Below is a sneak peek, with more pictures to come!

We are proud of all our accomplishments this term and we are excited for shenanigans, fun, and learning opportunities over the Fall work term. We will come back to school in January to begin the new 5-week pledge program. We are all very excited to shape the new pledge class into becoming the future leaders of the house.

In Hoc Signo Vincas

Finally, Zeta Theta-A bids farewell to the following graduating brothers:

Shane Starks

Pledge Class of 2014

Pursuing a career in Chemical Engineering

Ryan Milne

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Brad Knudsen

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Benjamin Kearney

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Steven Ostrowski

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Jace Stokes

Pledge Class of 2015

Pursuing a career in Industrial Engineering

Eric Butler

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Austin Robichaud

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Tim Vandon

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Nick Szczotka

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Daniel Osbourn

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Pledge Class of 2015
