

# THREE POINT WINTER 2019

*Friendship – Justice – Learning*

## ZETA THETA A CHAPTER

Another term has come and gone, but Winter 2019 was a blast and Zeta Theta A hopes to have more fun this Summer after the upcoming work term!

We cannot wait to get back to the house after this work term is over. We are excited about the upcoming recruitment events of the Summer. Many different events are in place and we are ready to look for more worthy men to join us.

In the first weekend of March we welcomed 16 new brothers into the Pledge Class of 2019. Although we were getting used to the Preparation for Brotherhood (P4B), the pledging period was shortened from the 8-week program to a new 5-week program. We ran this new program and it sure does go quick.

Beyond pledging this term, we had a variety of great events. We had a Super Smash Bros tournament with doubles and singles brackets that lasted an entire day. Along with that we had many different intramural teams, of which many of the pledges participated in. Not only were there planned brotherhood events, but there were also many impromptu events that occurred, such as a fantastic birthday party at the local Flint Chuck E Cheese's for Richard Green and Derek Gee.

Beginning with philanthropy, we raised a total of \$8755.16 for the Huntsman Cancer Foundation and \$300.00 for the Sigma Chi Foundation. In order to reach this number, our two Philanthropy Chairs worked extremely hard and sold ticket packages for the Flint Firebirds, a local OHL Hockey Team in their inaugural season. Due to our hard work and the energy we brought to the bleachers, we were able to raise proceeds to help find the cure.

We also hosted a Skate for the Cure event, where we sold tickets to go ice skating and all of the proceeds went to the Huntsman Cancer Foundation. Many of the brothers brought their girlfriends so they could enjoy a romantic night out while raising money for cancer!

And of course, we volunteered at the Shillelagh Run in mid-March. This is a four-mile race hosted in the same city as our chapter house, and it allows us to demonstrate Sigma Chi's commitment to serve the local community. In addition, our brothers for the 2018-2019 year served the community with over 1000 hours combined! That's an average of 32 hours per brother when including the graduating seniors from Summer of '18.

Although we only had 21 brothers in the house this term, we had the pledges (now NFIs) over as much as possible to help assimilate them into our brotherhood. We had water polo, dodgeball, basketball, and volleyball teams, of which they all made it to the playoffs!

The Brotherhood Chairs also set-up our yearly Super Bowl event. We project the game in our cafe and order five-hundred wings for the big game.

Lastly, to end the term on another high note, we travelled down to Panama City Beach in Florida. We had incredible amounts of fun in the sun and could not soak up the rays enough before heading back to Michigan. Not only was the trip in Florida fun, but the drive down was a blast. Many of us took shifts driving in the various cars and drove throughout the night.

Zeta Theta-A bids farewell to the three recent alumni:

Joshua Wylie

Pledge Class of 2016

Pursuing a Ph.D. at Michigan State University in Nuclear Physics

Alexander Minasian

Pledge Class of 2015

Pursuing a career in Mechanical Engineering

Trevor Bennett

Pledge Class of 2017

Transferred to University of Michigan-Flint to continue his  
Business Degree
