

THREE POINT WINTER 2020

Friendship – Justice - Learning

ZETA THETA A CHAPTER

Consul's Corner

Greetings Brothers! During these unsettling times, I hope you and your families are safe and sound. As many have said and will say throughout this pandemic: this too shall pass.

To start, my name is Kyle Redies and I am the new Consul for Zeta Theta A for the 2020-2021 academic year. In the past, I have held the Steward, Philanthropy Chair and Quaestor positions, and I am excited to lead the gentlemen of Zeta Theta A to successful Summer and Winter terms.

Winter 2020 can be simply described as a “rollercoaster”. Our newly condensed pledging schedule (now five weeks) went successfully thanks to our full brotherhood’s support and the leadership of Nicholas Jacobson (Magister) and Paul Campbell (Assistant Magister). Fourteen gentlemen were initiated in late February, and our house is proud to be going into summer term with a projected 34 brothers.

We said goodbye to five brothers this term. Nicholas Zaremski, Sarth Patel, Brenden Beaver, Joseph Gearig, and newly pledged Tyler Duff entered alumni status, and moved into full time positions. I wish them the best of luck, and implore you five to “shoot for the moon”!

The novel coronavirus was an unfortunate end to our academic semester, forcing most out of the house early and creating a brisk transition to virtual class instruction. Nevertheless, our brotherhood adapted quickly, and we are praying for the healing of the world and the opportunity to return to face-to-face instruction in July.

The Top Six is working hard with the chapter to plan for many variables coming up, and will look to increase our philanthropy dollars raised, volunteer hours served, scholastic performance, community reputation and extracurricular involvement.

Stay safe, and In Hoc.

Consul

The time came again this term to initiate a new pledge class of leaders of men – this year we had 14 promising pledges initiated and can't wait to see what they can do for the house. This was our largest pledge class in a couple of years and should be good momentum moving forward into this summer recruitment term.

PC 20' was led through pledging by our Magister Nicholas Jacobson and assistant Paul Campbell. Maddie Wright was the class sweetheart and we couldn't be happier with how well the new pledge class fits in the house. PC 20' even got to work creating a table for a pledge class project.

Congratulations to all the newly initiated members:

Magister

Community Service and Philanthropy

Our brothers have completed over 1200 hours of community service in the past year, helping to improve our community and our school. We had a unique opportunity this year for brothers to volunteer on campus for First Robotics as well that some brothers took advantage of, having backgrounds in robotics themselves. We had brothers volunteer off campus as well, such as Flint community programs and events in Flushing.

This year we raised \$5,412 for the Huntsman Cancer Foundation. This may not be as high as previous years but we have plans to bring back more events like the White Rose Ball (Rebranded as the Derby) and a successful Derby Days if conditions permit. Our focus on philanthropy and fundraising in the coming year should help us raise even more for the Huntsman Cancer Foundation.

Nathan Miller '20

Chapter Editor, Philanthropy Chair

We are always looking for fun ways to connect the current brothers with alumni. This year's brotherhood event consisted of pizza and bowling at Cherry Hill Lanes North, located in Clarkston Mi.

Although the event was over a long weekend, we still had a great turnout of active brothers and alumni. We had over 30 brothers and alumni come together to bowl and have some fun.

We also had teams compete in friendly competitions on the long weekend for another brotherhood event. All the brothers really enjoyed the events and had a great time competing!

We had also planned our annual spring break trip to Panama City Beach, Florida. 32 brothers and alumni had been planning to depart on March 28th for a full week of beaches and warm weather. Unfortunately, the trip had to be cancelled due to the novel COVID-19 outbreak.
