

Zeta Theta House Corporation Update Planning for the Future

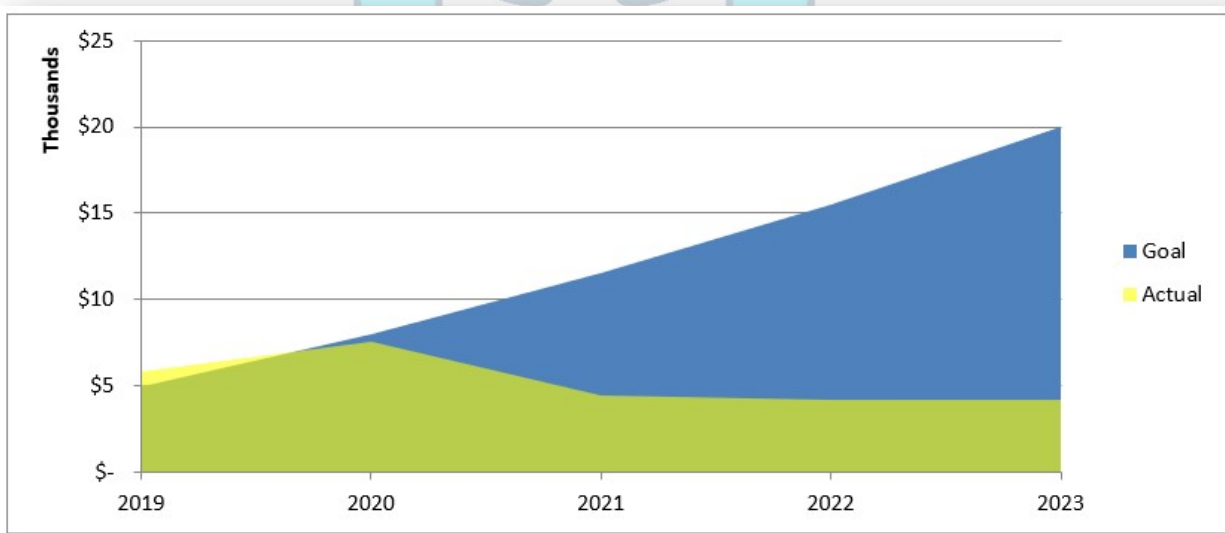

Brothers,

I hope this newsletter finds you well and you and your families are staying safe. Classes continue at Kettering and we are beginning to pursue renovations of the OQ bathroom during the three-week holiday break. We have not hit our fundraising goal for the year, but we are very close. We have to act now, as we know that this is our best window to limit the burden this bathroom makeover would be if brothers were living in the house.

Below you can see our progress of hitting our goal for this year, as well as the outer years. We would never be able to do this without the help of our generous alumni. The donations will help with the bathroom renovation, as well as let us focus on the other parts of the house that need ongoing work. Any little bit will help us come closer to reaching our goal, which we are just under \$500 of reaching this for this year. If you would like to help us reach the goal this year, please see the one-click donation link at the bottom of the newsletter.

As you can see thirteen brothers have chosen to provide continuous donations that go out throughout the donation planning period. Many of these donations are from our younger classes. Brothers feel that right after graduation is a great time to start giving back to the house and stay connected by attending different alumni events. We are very fortunate for all alumni that have been able to give in the past and any that can give in the future. A list of all brothers who have donated since the 55th can be found on the last page.

We are also very glad to announce that Zeta Theta has won the “Outstanding House Corp Gold Award” for 2019. This is the sixth year in a row being identified as being an outstanding House Corp within Sigma Chi.

Zeta Theta House Corporation Update Planning for the Future

Gold Award (20-25 POINTS)

Albion College
Bradley University
California State University-Fresno
Central Michigan University
Clarkson University
Cornell University
DePauw University
Eastern Illinois University
Embry Riddle - Daytona Beach
Indiana University
Indiana University of Pennsylvania
Kansas State University
Kettering University

We are very proud of this achievement! We continue to look for opportunities to improve our operations to ensure that we can win this prestigious award again next year.

Below you can see an example of the shower units from the 2015 renovation of the addition bathroom. The modern look will be used in the renovation of the OQ bathroom in December.

Zeta Theta House Corporation Update Planning for the Future

Current Conditions of the OQ bathroom:

We really appreciate all the support and hope that things will get back to normal in the near future. We want you to be able to come and see how great the house looks and get to better know the undergraduate brothers. Both sections are full of great young men and they continue to carry out our legacy of Sigma Chi at Kettering University.

The Three Point

A Look into Zeta Theta A's Current Activities

Summer 2020

A Term to Remember

Summer 2020 term has now ended, and we are now heading to our fall work term. To say the least, this term has been incredibly different compared to prior terms, with the COVID-19 pandemic raging on. With an odd recruitment season that limited the duration and nature of our events, we have handed out six bids and hope to handout more in the winter if conditions allow. Out of the six bids that we have handed out, we have had four accept! In addition, two individuals that accepted their bids last year have decided to pledge this coming semester.

34 Brothers currently make up the Zeta Theta A chapter of Sigma Chi. Of all the things we did, and did not do this term, the highlight of the term we are most proud of is the fact that **ZERO** individuals tested positive for COVID-19, despite 32 live ins.

The New Sweetheart of Zeta Theta A

Giavanna (Ava) Zaremski

Although, we were not able to travel to Canada for our typical Semi-Formal series of events, we held a pseudo-semi formal. Brothers and guests gathered at Redwood Steakhouse and Brewery in Flint for dinner, and then headed back to the house for the Sweetheart Ceremony.

Congratulations to Ava Zaremski, we are honored to have chosen her to be our sweetheart! We have full confidence that she will represent Sigma Chi's values and we will love to see her wearing our letters around campus. Ava is an involved student at Kettering University and her sorority, Alpha Phi. She truly deserves this title.

Limited Events, But Plentiful Memories

One IM Sport / Fundraising Difficulties Highlight Summer 2020

We all entered this semester with a feeling that there would be no intramural sports, but fortunately we were lucky enough to be able to play softball. Seeing the brothers and guests all getting together and taking a break from academics was extremely exciting, especially considering that many of us remained couped up in the House with online classes.

We had a rough regular season ending up with a 1-3 record. Once playoffs came around, we started to get more participants to come out to the games, and we went on a two-game winning streak, beating SAE and the Phi Deltas. When the final game came around to determine the first-place winner of A-Tourney, versus the Deltas, a referee had come down with COVID-19, which resulted in a cancellation of the finals and a “tie”.

We were able to raise over \$5,000 this term for philanthropy. The House live streamed a brotherhood auction, where brothers in the house, as well as Twitch.tv viewers, could participate in the auction. Brothers would stream for an hour and had a list of actions that they would do for money, ranging from losing the current game they are in or eating copious amounts of hot dogs.

We also held a crazy poker live stream. During the live stream, the players would do various things that the donators wanted, such as fold or pass their current hand.

Graduating Seniors

Timothy Atchinson – Pledge Class 2018
Bachelor of Science in Mechanical Engineering
Currently Pursuing a New Career

Jacob Squibb – Pledge Class 2019
Bachelors of Science in Chemical Engineering
Chemical Engineer at Corning Life Sciences (MA)
